Applications/Limitations

1. This Material Manufacture Statement does not exempt any purchaser from his responsibility to ensure that this qualification is valid for his products within the essential variables of NORSOK M-650 / NORSOK M-630.
2. Supply of the products as listed above shall be as per inspection documentation EN 10204 type - 3.1/3.2 requirements under the discretion of the Purchaser.
3. The production Test sample shall be as per relevant MDS under the discretion of the purchaser.
4. The re-qualification process as per NORSOK M-650 Ed. 4, clause 8.2 shall be repeated if any essential changes are made to the production route or the manufacturing procedure. e.g. major change of manufacturing process/equipment, heat treatment etc.
5. If production is carried out at different plants / locations, a separate qualification is required for each plant. This applies also for change of in-house to subcontractors or change of subcontractor for essential operations as e.g. heat treatment, etc.
6. Welding shall be carried out by qualified welders according to qualified procedures approved by a Third Party Organization recognized by an EEA member state.
7. NDT operator qualification shall be as per NS-EN ISO 9712/ equivalent based on the purchaser's requirements.
8. A temperature uniformity survey for the heat treatment furnaces shall be carried out annually in accordance with API Spec 6A, Annex M, ASTM A 991 or equivalent and additional requirements of NORSOK M-650 Ed. 4 Annex B.
9. This certificate is issued after satisfactory completion of renewal qualification as per Norsok M-650 Ed.4 cl. 6.2
10. Acceptance of QTR is at the discretion and determination of the purchaser.

Terms and conditions

The Statement is subject to the following terms and conditions:

- Product Liability rests with Manufacturer, in case of damages caused by defective products
- The Statement is valid only for the product(s) listed above
- A visit shall be made to the manufacturer in case of changes to essential variables, manufacturing summary or during re-qualification. Manufacturer shall inform the local DNV GL office for any changes made with respect to QTR / Manufacturing Summary

The following changes may render this Statement invalid:

- Any deviation to application / limitation listed above
- Amendments to the reference standard and manufacturing summary

END OF STATEMENT
